RICHMOND, CAL. WEDNESDAY, OCT. 30, 1918.

NUMBER 91.

NEW PEACE PLEA BY HUNS U. S. in Italian Offensive

LARGE QUOTA OF MEN WILL ENTRAIN IN NOVEMBER

During the first fifteen days of the coming month Richmond will be called upon to send 127 of her sons to war, according to telegraphic instructions received by the local draft board from the state adjutant general this morning. According to the order received 24 men are to be entrained for Kelly Field, San Antonio, Texas, on some date not exceeding five days after the 1st of November and 101 men are to be entrained for the same destination on some date not to exceed five days after the 11th of November.

This is the largest call from Richmond since the war with Germany was declared and will make heavy inroads on the men of this city. On account of the influenza and necessary health regulations to stamp out the disease, the work of the local exemption board has been curtailed. Then, too, many of their employees have been ill with the disease and they have ceased physical examinations entirely. However, they believe they have enough eligible men on their roster to fill this quota, but there will be none to spare.

The local draft board has not yet been advised of the exact day of entrainment of either of the above contingents, but the information will be received in ample time by

(Concluded on Page 4.)

STORE WILL KEEP OPEN UNTIL MIDNIGHT

LAMOINE'S, SIXTH STREET STORE IS NOW SUPPLIED WITH SUFFICIENT PRESCRIPTION MEN AND DURING THE PRESENT EMERGENCY WILL KEEP OPEN TO SERVE THE PUBLIC UNTIL TWELVE O'CLOCK EVERY NIGHT.

RICHMOND'S LOAN SUBSCRIPTIONS TOTAL \$804,250

The people of Richmond subscribed \$804,250 to the Fourth Liberty Bond issue and by so doing holds the banner over the remainder of the county, though Contra Costa citizens everywhere came up strong for the bonds and went over the top in splendid shape.

Richmond's quota was \$465,000 and we almost doubled the amount asked for by the committee having the work of raising the bond issue for the Twelfth district. Contra Costa county subscribed \$2,704,250 and far exceeded its quota, according to Chairman Hale, of the county committee.

OHIO SOLDIERS IN PIAVE SMASH TO HURL AUSTRIANS BACK ACROSS ALPS MOUNTAINS

LONDON, Oct. 30.—American troops from Ohio already are taking part in the great battle raging on the Italian front, in which the allies have progressed ten miles over a forty mile front, said a Milan dispatch to the Telegraph today.

HAIG REPORTS PROGRESS.
LONDON, Oct. 30.—On the British front in France Field Marshal Haig announced in his statement today there has been no activity except patrol encounters in which the British troops advanced and captured a few prisoners.

The statement reads: "Apart from patrol encounters in which we made progress and secured a few prisoners, there is nothing to report."

YANKS REACH PIAVE.
LONDON, Oct. 30.—Ohio troops have reached the Piave river on the Italian front and are ready to take up the advance eastward.

NOTICE TO PUBLIC

Following the example of both San Francisco and Oakland Banks with regard to closing the banks in Richmond during the present epidemic, beginning Friday, Nov. 1st and until further notice, the following banks will close at Two P. M. excepting Saturday which will remain as in the past. One o'clock.

THE MECHANICS BANK,
BANK OF RICHMOND,
FIRST NATIONAL BANK
OF RICHMOND.

THE DEATH LIST IN PAST 24 HOURS

The deaths for the past twenty-four hours in this city have been reduced to one—M. Checchini, an Italian boot-ermakers helper working at the Standard Oil refinery and residing on the West Side of town. The body is at Smallwood's undertaking parlors.

The year-old son of J. A. and Gussie DeRoco, residing on Clinton avenue died last evening, but his ailment was not the influenza. The funeral will be conducted by Bert Curry.

Russell Lowe died at Hercules last night of the influenza. Funeral arrangements are being made by the Smallwood's undertaking establishment.

cutting off the retreat of the Austro-Hungarians, said an Exchange Telegraph dispatch from the Italian front today.

More than 16,000 prisoners have been taken since Wednesday, and more than 100 Italian villages east of the Piave river have been liberated, the dispatch added.

Conegliano has been occupied by the allies and the advance continues over a front of sixty kilometers more than thirty-six miles.)

MUCH BOOTY FOR BRITISH.
LONDON, Oct. 30.—Thirty thousand prisoners have been captured on the Belgian front since September 28, the British war office announced today in a statement dealing with operations on that sector on the western battle zone.

Between October 14 and 27, 509 guns were taken.

The statement follows: "Prisoners taken on the Belgian front between October 14 and October 27 total 18,493. From September 27 they total over 30,000. The booty is so great that it has not yet been enumerated. From October 14 to October 27, 509 guns were taken, of which 110 were of heavy caliber and 48 were employed for coast defense. The machine guns number upwards of 1200."

VIENNA ADMITS DEFEAT.
AMSTERDAM, Oct. 30.—"We have been pressed back on the Piave river and in the sector of Alano Basin," says an Austrian war report dealing with opera-

INFLUENZA EPIDEMIC IS SUBSIDING HERE DEATH RATE AND NEW CASES MUCH LOWER

According to information sent out by the State Board of Health today there are 75,000 cases of influenza reported in the state and it is the opinion of the board members that the worst of the influenza wave has not yet been surmounted. This, of course, applies to the cases actually reported by physicians and takes no account of as many more where physicians have never been called, but the patients are being cared for by members of their own family.

"Unquestionably, the situation in Richmond is much improved," Health Officer Blake told a Record-Herald representative this morning. "I consider conditions in this city one hundred per cent better today than yesterday, and it is looking brighter all the time. But this does not mean that the people are going to be permitted to stop wearing masks, but on the contrary the mask order will be rigidly enforced until every trace of the disease is wiped out in this community."

THE RED CROSS BUSY.
Yesterday and today the Red Cross people from the emergency hospital have been busy in succoring helpless people who in the general rush of the epidemic the last

ter part of last week and the first of this week were overlooked, and many such cases were found by the searchers. Helpless men and women have been brought to the hospital and are being tenderly cared for. Some of these cases had advanced too far to save their lives, but many of them readily responded to the warmth, care and nourishment, to say nothing of the medicines, administered by the nurses and physicians. The men and women who volunteered their services in this humanitarian work are deserving of the highest praise and when the record of the past ten days of their labors is written it will be found there are not many more instances of devotion to duty and heroic self-sacrifice on the firing line in France than has been exhibited right here at home by this noble band of men and women who, for the most part, were untrained and inexperienced in this sort of work, but who pluckily buckled in to their task of fighting the plague and conquering it if possible.

UP-COUNTY CONDITIONS.
Conditions in the towns in the eastern end of the county, from Martinez to Byron are not greatly improved over yesterday, according

to reports received by Dr. Blake, county health officer. The universal mask order has just gone into effect and results cannot be expected to be obtained for another 48 hours at least. By the end of the week it is expected that the disease will have begun to subside in all of the unincorporated territory and in those towns that are rigidly enforcing the wearing of gauze masks.

SALOONS ARE CLOSED.
By an order from the Health Officer of the county issued yesterday, all the saloons of the county were closed last night at 6 o'clock. Contra Costa county for the first time in its history is dry as a bone and will remain so until the ban is raised by the edict of Dr. Blake. The district attorney has rallied to the support of the Health Officer and is invoking the laws, past, present and future, to stamp out the epidemic from the county in the shortest possible time.

The new cases reported for Richmond during the past twenty-four hours are 50, with two deaths. This is a decided improvement over the report of yesterday or any day since the epidemic gained a foothold and became virulent here, some ten days ago.

MRS. K. SMITH IS STRICKEN WITH THE EPIDEMIC

Mrs. Kate Smith, in charge of the hospital at the Richmond club, was herself stricken with the influenza today and is in bed at her home. Mrs. Smith had just taken to her home for attention, Miss Berry, a telephone operator, who had been stricken. Miss Berry is a stranger in this city, having come from Los Angeles.

Charles J. Cray, reports that there are now fifty cases at the Richmond club hospital but no more deaths have occurred.

tions on the southern front and received from Vienna today. "There were no large engagements yesterday in the sectors of Monte Asolene, Monte Pertica and Monte Solara."

YANKS IN RESERVE.
ITALIAN HEADQUARTERS ON THE PIAVE, Oct. 28.—American soldiers are in reserve along the Piave fighting zone. The correspondent saw an American battalion going through its "setting up" exercises this morning near the river.

DEFENSE COUNCIL COMMENDS THE RED CROSS

The attention of the State Council of Defense having been called to many cases of exorbitant charges for the influenza masks, an investigation was made of the cost of preparing these masks and find there is no reasonable ground for such overcharges as were brought to its notice.

The State Council is of the opinion that it is greatly to the credit of the Red Cross that it is supplying so promptly these masks at the rate of 10c, and that for the masks of the ordinary gauze type, the public ought not to be called upon to pay more than 15 cents.

KAISER MAY QUIT WITHIN 24 HOURS

COPENHAGEN, Oct. 30.—The Kaiser considers Germany's position hopeless and is prepared to abdicate, according to one report reaching here from Berlin today. The Kaiser is reported to have reached this decision following a meeting of the leaders of the various German states.

COPENHAGEN, Oct. 30.—Travelers from Germany declared today that a definite statement regarding the abdication of the Kaiser may be forthcoming within 24 hours.

CALIFORNIA MEN ARE CALLED IN NOVEMBER DRAFT

A call for the induction of 15,108 Class 1 California draft registrants to entrain in the five-day period beginning November 11, was received Monday by Governor William D. Stephens from Provost Marshal-General E. H. Crowder. Of this number 13,049 were ordered to Kelly Field, San Antonio, Texas. The others, 2,059, including 59 negroes, were ordered to Camp Lewis, Washington.

This was far the largest single induction call made on California, Adjutant-General J. J. Borree said. General Crowder said in his telegram that if the State could not deliver these men on schedule it would be necessary to cancel the calls and increase the allotment of other states. This would not be necessary, according to General Borree.

**NEWSPAPER MAN IS
DISCHARGED AS CURED.**

George Carrere, local newspaperman who has been undergoing a siege of the influenza was discharged from the Red Cross hospital and taken to his Oakland home by his wife.

SMALLWOOD NO BETTER.
Undertaker E. B. Smallwood, who has been undergoing an attack of influenza is not getting along very well, according to reports at his office today. He is very weak, but his condition is not thought to be serious.

KAISER SHORN OF POWER IS BAIT GIVEN TO U. S.

WASHINGTON, Oct. 30.—Another note from the German government reached Washington today. It supplements the last brief communication, saying armistice terms were awaited, by refusing in detail governmental changes which have taken place in Germany as evidence that the Kaiser has been deprived of all power of making war and negotiating peace.

This time the Germans do not address President Wilson personally, but send the information for the American government, apparently recognizing that the stage of personal appeals has passed with the transmission of their armistice and peace plea to the allies.

It reiterates that the actual power of responsibility of the German government has been transferred to the Reichstag and describes the progress of the necessary constitutional changes.

The note probably will be forwarded immediately to Paris, where the supreme war council already is reported to have formulated terms upon which the United States and the allies might permit a cessation of hostilities.

As word of the new German move came, it was learned that President Wilson was working today on a reply to the last note from Vienna, in which the Austrian government accepted all principles and conditions of the

NEWSPAPERS HELPED DRAFT.

Major General Enoch Herbert Crowder, provost marshal general, sends to the newspapers and the newspaper men of the country, through Editor and Publisher, an eloquent appreciation of their service to the nation in the assistance they have rendered in the administration of the selective service law.

General Crowder, entrusted with the titanic task of organizing the man power of the country for war service, has won world-wide admiration for the wise discrimination and the unvarying fairness shown in the practical operation of the draft law.

The problems he has faced have been essentially new ones in American military administration. They have called for broad vision, clear understanding of the requirements of industries for man power, impartial decisions as to the basis for deferred classifications, and the organization of local draft boards composed of citizens in whose integrity and high purpose the people of their communities have full confidence.

General Crowder has exercised sound military judgment without giving to the operation of the selective draft law the tinge or spirit of militarism. He is a West Point man, and has seen service in many parts of the world since his graduation in 1881. He has at different periods been connected with the judge advocate's office, and was made judge advocate general of the United States army in 1911. He has had active service in Cuba and in the Philippines, and has been entrusted with special missions in Chili and with the Japanese army in Manchuria. Throughout his long career of military service he has shown the highest qualities of the trained officer of the United States army, and his record for tact and administrative ability made him the obvious choice of the secretary of war for the post of provost marshal general.

A public opinion, founded upon a deep consciousness of the necessity and of the democratic nature of the draft law, has made the efficient work of the chief administrator possible. This public opinion has been developed and consolidated very largely through the press. If the newspapers had shown a disposition to debate the advisability of the selective draft policy, or had divided in their support of it, its operation would have been a matter of grave difficulty. But unanimity of editorial opinion was duly reflected in unanimity of citizen opinion. Thus the rock upon which the Hun believed the American ship of state would be wrecked was blasted from the channel, and the pilot was afforded a clear and safe course.

EGGS NEAR DOLLAR MARK.
Eggs are selling in the Middle States for 45 cents per dozen and in California the price is something like 99 cents, or nearly a dollar a dozen.

There is no particular reason for this, except the poultrymen are profiteering and are exacting every farthing from the people of California possible. They announced some weeks ago that dollar eggs could be expected by Christmas and they are going to make the announcement true.

The people of California can attribute the high price of eggs to Colonel Weinstein, their high

saliered man who is presumed to stand between the producer and the consumer. Weinstein organized the poultrymen, the truck gardeners and every other producer in the state of California for the purpose of boosting prices to the consumer.

Hoover's Food Administration is regulating the price of almost every commodity you can name, but he has never made any attempt to regulate the price of eggs in California. Here the most flagrant profiteering imaginable is going on and no steps are being taken to check it.

Of course the food administration is very busy and has much to demand its immediate attention, but it does seem that enough time could be spared from the general routine of work to take a peep into the egg industry of this state, when so wide a difference exists between the extreme and Middle West.

REAPING THE WHIRLWIND.

Retribution is finally overtaking the German kaiser and the fate suffered by the Czar of Russia was mild in comparison to what is in store for the greatest butcher of humanity the world ever knew. There is a rumor coming out of the German empire that the kaiser is willing to abdicate—if permitted to do so. He should not be permitted to do anything of the kind, but should be arrested, tried and executed for the millions of murders of which he is guilty.

Economically and politically the German nation is facing sad straight. Four years of war has impoverished her people, physically, mentally and morally. Here are brief excerpts from a dispatch appearing in a cablegram of this morning:

"The potato crop of Germany has generally failed. It amounts to not more than 80 per cent of last year's crop. Bread rationing has apparently improved, but in reality the quality has greatly suffered by increasing the quantity."

"The civilian population does not receive meat rations of any importance, as the supply is not forthcoming because the stock has been diminished by the clandestine slaughter of millions of cattle, sheep and pigs. Thousands of children are going barefoot and without suitable clothing. Spanish influenza, inflammation of the lungs, which the people call pneumonia, and dysentery are raging in an alarming manner."

"Labor for agricultural work is insufficient. Sowing and planting are therefore, much neglected. The whole German agricultural industry has greatly deteriorated. Agricultural implements cannot be replaced or satisfactorily repaired. Tilling the ground and harvesting, therefore, are generally now wholly out of the question."

"The population is greatly depressed. It begins to despair even of existence."

Influenza germs in aspirin tablets is the latest charge laid against the Germans. Probably this is due to the fact that aspirin was manufactured by a German owned concern in New York at the time the war broke out. At the present time the aspirin tablets are manufactured by the same concern, but the employees and management is under the control of the enemy alien property custodian of the United States government and it is stated that it is impossible for

the chemical nature of the remedy to be tampered with by the injection of influenza or any other germs. The government of the United States is looking after that.

In ordering all the saloons of the county closed and persons to wear masks until the subsidence of the present influenza epidemic Dr. Blake is doing the right thing and his action will be applauded by all the best citizens of the county. Deputy District Attorney Hiram Jacobs and his chief, District Attorney Johnston have also offered their support of any legal measures which may be adopted and it is safe to say with the Health Office and District Attorney's office in correlating their work good results will be obtained.

The offer of Austria-Hungary to surrender to the allies is branded by French military men as a subterfuge to lead the allied governments in a trap. But we can trust Foch and Pershing to handle the matter. They are on the ground and know whether their adversaries are sincere or not. When they have surrendered their ammunition and guns and equipment, then it is pretty certain they mean what they say. When a man or an army is without arms he is generally harmless.

The Lokal Anzeiger, of Berlin is quoted by the dispatches as saying that Germany will insist on being recognized as having in gall the rights of any of the belligerents in the matter of settling the terms of peace. In other words Germany is asking for an armistice, so she can talk and argue, which is just what the representatives of that country will not be permitted to do. They are going to be told what they must do and they will have to abide by that edict, whether they like it or not.

The man with a dead sure cure for the influenza is in evidence, but the worst part of his remedy is that before he has time to give it a fair trial his patient succumbs to the disease. Which reminds us of the man who said his horse could get along with sawdust for a diet, if he was provided with green glasses. The animal got along fine, but about that time he died. Whenever the doctors cannot handle a case of sickness it is not much use for a layman to prescribe.

Brazil is celebrating her first anniversary in the war. With disparaging Brazil and her good people in their efforts toward universal world's democracy, it might not be out of place to inquire what they have done to cause them to feel hilarious. But those people are prone to discover as many holidays as possible and the active belligerents should not object to their taking advantage of this excuse for another day of rest.

MRS. ANDERSON'S BROTHER VICTIM OF INFLUENZA

Mrs. E. B. Anderson is in receipt of the distressing news of the death of her brother, Charles Jones, formerly of Alamo, at his home in Grimes, Colusa county. He was a victim of the influenza.

He had resided at Grimes for the past 25 years, was a son of the late J. M. and M. A. Jones, and brother of Mrs. E. B. Anderson of Richmond, James C. Jones of Alamo, Mrs. I. N. Inman of Livermore, Mrs. Alice Boone of San Francisco and John M. Jones of Mill Valley. He has one son in the army. Deceased was a member of the Odd Fellows.

The body has been brought to Martinez and the funeral will be held at a date to be announced later. Interment will take place in the cemetery at Alamo, in the old family plot.

SMART HAT INTRODUCING HIGH DRAPING TO BE USED THIS SEASON—This interesting hat of black panne velvet showing the high draping to be used this season. The sole trimming is a jet and steel ornament. Copyright Underwood & Underwood

PAUL FOLLETT IS SENT TO CAMP DIX

Paul Follett, who has just completed his initial course of ground aviation at the University of California, has been transferred to Camp Dix, Texas, where he will be trained in the aerial, or flying art.

Paul Follett is the eldest son of Mr. and Mrs. G. A. Follett and made a remarkable showing in his work at the University of California. He is a graduate of the Richmond High school and a general favorite with the young people of Richmond, who will watch his career with more than passing interest.

WASHINGTON MAN IS ARRESTED FOR SEDUCTION.

Frank Gerrard, wanted by the sheriff of Tacoma for seduction, was arrested yesterday by the police of this city and is being held here pending the arrival of officers from the North. Gerrard has been working at the Western Pipe and Steel works in this city since his sojourn here.

PACKAGE LAW IS ADOPTED BY THE CITY COUNCIL

No more liquor in packages will be sold in Richmond after six o'clock on week days and on Saturdays you cannot get it after four o'clock. On Sunday you cannot get it at all, according to the provisions of an ordinance which has been adopted by the city council. This movement on the part of the council was taken on account of the many soldiers and sailors who have been in the habit of coming to this city, according to accounts, to purchase liquor to take back to their barracks at the various army and naval camps about the bay. When the saloons open again, after the influenza epidemic has abated, their hours will not be otherwise restricted.

Have the Record-Herald follow you on your vacation.

TOM JOHNSTON IS SICK.
District Attorney T. D. Johnston is reported down sick in bed with Spanish influenza at his Martinez home. His condition is said to be not serious.

"No Taking Turns This Season, My Dear"

"I've found a better way of being well dressed than one or the other waiting until the tail end of the season before he or she can get a new suit. From now on we will both be better dressed than ever before—and on the same salary, too. Tomorrow we are going to shop at 515 13th street, called Cherry's, where we can each pick out the swiftest suit in the house and take it home by paying a small initial deposit. The rest we can pay in easy weekly installments as I get my wages. That way we can buy another bond, for it won't take all our money every month to make ends meet. So be ready to meet me at Cherry's, and we will be all tugged out." Cherry's men's store is at 528 13th street.—Advertisement.

WHEN OUR BOYS COME BACK

There is nothing too good for the boys now serving our country's call.

They are all our boys and when they return no state is too good for them, and California, the State without peer, should welcome them with open arms.

The Medical Department of the Army ask for one dentist to every 500 soldiers. On this same basis California needs five thousand additional dentists for the proper care of the teeth of all her people.

If every California dentist now in the service could bring home with him thirty-nine dentists from other states, even then there would not be enough for our needs.

At present dentists with years of experience and highest qualifications must meet the obstacles and technicalities imposed on them by examination, with the probability of not getting a license for causes known only to a Board of Examiners which is appointed for political reasons. The Dental Trust does not want competition.

In recognition of the ability of our boys in the service, for the 80 per cent of the people whose teeth are now neglected and to protect your health and pocket books destroy the power of an autocratic Trust.

Vote YES Amendment 21
PAINLESS PARKER

POSTOFFICE WANTS MAIL CARRIERETTES

The U. S. postal authorities are in quest of many women mail carriers to take the place of men who have gone to war. They have been sending out appeals for men, but lacking in these they are now appealing to women to take over the burden of transmitting mail to patrons of the government postoffice. They are asking the women to appear on November 9th to take examinations for this class of work.

WALTER LASALLE WAS BURIED IN SUNSET VIEW.

The body of Walter LaSalle was interred in Sunset View cemetery this afternoon at 2 o'clock, after the funeral which was held at the family home, 2235 Gaynor avenue, this city.

Deceased was a native of the county and a pioneer of Richmond, having come here with his parents when the town was very young. Besides a sorrowing wife, father, mother and two sisters, he is survived by a three-year-old baby boy. His death is universally regretted by hundreds of friends in this city.

Real Estate Firm Changes Its Location

The enterprising firm of Lester & Walker have just purchased the office furniture and fixtures of J. C. Owen, at the corner of 10th street and Macdonald avenue in the Elk's building, and have moved to their new quarters in the above location, and will welcome their many friends in to see them. 10-25-6t.

TO ALL PATRIOTIC CITIZENS

The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:—

Conserve Electricity

Patriotism demands that you save electricity for war industries.

Northern and Central California have a **SERIOUS** power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.

These War Industries Must Have Power

There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.

This is one other thing you can do in the great struggle.
H. G. BUTLER
Power Administrator.

NARCOTIC LAW SUSPENDED DURING INFLUENZA EPIDEMIC

SAN FRANCISCO, Oct. 30.—In the Revenue Collector Justus S. Wardell was today notified by Commissioner Daniel C. Roper in Washington that owing to the extent of the epidemic of Spanish influenza now prevailing throughout the country and the difficulty of persons getting immediate medical attention and medicaments upon prescriptions issued by physicians, the provision of the Federal narcotic law prohibiting the refilling of prescriptions are modified as follows: Prescriptions calling for morphine, cocaine, or heroin, which are written by registered practitioners for patients suffering from Spanish influenza and any pulmonary or bronchial affections may, until further notice, be refilled, provided that at the time of issuance by physicians instructions are noted in the body of such prescriptions, "repeat if necessary," and the druggist filling and refilling the same shall note thereon each and every date upon which such prescription is refilled.

Deputy Collector Hugh O'Connor, in charge of the narcotic division, has been instructed to notify all druggists in the district of the order.

LARGE QUOTA OF MEN TO ENTRAIN IN NOVEMBER

(Continued from Page One.)

wire, for the first twenty-six within the next few days, in all probability.

Since the above was in type, a telegram has been received from the adjutant general cancelling the entrainment of the men mentioned to go for the first five days of November. The entire 127 will be sent from here to Kelley Field, on or about the 11th of the coming month according to the advice received late this morning.

PETITION FILED IN THE MOORE ESTATE.

Petition for letters of administration were filed this week in the matter of the estate of Thomas H. Moore deceased. The estate is valued at \$4,000. Attorney H. V. Alvarado is taking care of the legal proceedings for Mrs. Moore, the administratrix.

ATTORNEY WINDREM AND WIFE RETURN HOME.

Attorney Lee D. Windrem and wife who have been visiting at the home of Mrs. Windrem's parents in Lake county for the past few weeks, returned home last night to attend the funeral of the late Walter LaSalle, which took place today. The children remained with their grandmother in Lake county.

SIGMUND KURTZ BETTER.

RESULTS WANT ADS

Our Want Ads are the Bait that catch the Big Fish Results—Try one in to-morrow's paper

FIRE FIGHTERS VOLUNTEER TO DIG GRAVES

Richmond firemen have volunteered to dig graves in Sunset View cemetery in order to help out the cemetery people and the undertakers who have all been swamped by the large mortality list. Other volunteers have been pressed into service in this work, but on account of the lull in the death rate today things will settle back into their usual routine.

The undertaker establishments in the city have all been literally at sea over the work that has been thrust upon them for the past ten days. Not only were their resources for help overtaxed, but they have been unable in many instances to supply relatives of deceased persons with caskets in which to inter their loved ones. As an evidence of what one firm in this city accomplished, it may be stated that Bert Curry has conducted fifty-six funerals in the past ten days.

WILL BE OPEN STUDIO.

C. H. Lind, who conducted the De Luxe photographic studio on

Macdonald avenue near Sixth street has changed his location and will open up the New De Luxe Studio at 1201 Macdonald avenue. He expects to be in position to serve his patrons again in a few days.

KAISER SHORN OF POWER IS BAIT GIVEN TO U. S.

(Continued From Page One.)

President and asked for armistice and peace proposals.

The reply, which probably will be made public before night, is expected to inform the authorities at Vienna that on the basis of acceptance of all conditions, including actual independence and not mere autonomy for subject nationalities, their request has been referred to the government with which the United States is associated.

The armistice program said to have been prepared by the supreme war council had not been reported on early today by the American representatives. The government, however, is known to favor terms equally as drastic as those described in press dispatches as agreed upon at Versailles.

Have the Record-Herald follow you on your vacation.

ROADS GUARDED TO ENFORCE MASK LAW

The Health Authorities and the District Attorney's office in this county are in earnest over the enforcement of the gauze mask order. Yesterday they placed guards over every road leading into the county and on the road at the County Line leading into El Cerrito more than a thousand automobiles were halted and the drivers told they could not enter the county until they had donned masks.

Those who were provided with masks put them on and proceeded on their journey and those without the protection were turned back. What is true of the county line road is true of every road leading into the county. Contra Costa is quarantined against the world, unless the world chooses to wear a mask, in which case it will be admitted.

INFLUENZA VICTIMS GET UP TOO SOON, SAYS M. D.

One of the prominent San Francisco doctors gives it as his opinion that eighty-five per cent of the

deaths in that city are due to the patient getting up too soon.

This is a tip that should be taken home by everybody afflicted with the influenza. Stay in bed until the doctor tells you to get up—and then stay two or three days longer.

MISS DAVIDSON BETTER.

Miss Dorothy Davidson, chief stenographer of the draft board, who has been confined to her room with an attack of influenza, is much better and will be able to attend to her duties the first of the week, according to reports from her home this morning.

SPANISH INFLUENZA STRIKES SUDDENLY

PNEUMONIA OFTEN RESULTS—VICTIMS SEIZED WITHOUT A WARNING MAKING PRECAUTION DOUBLY NECESSARY.

Much of the difficulty experienced by health authorities in checking the spread of the Spanish influenza lies in the fact that it strikes its victims without warning.

Although State and Federal authorities are taking every possible precaution in their effort to stop the spread of the epidemic, the disease in many sections of the country has gotten entirely beyond control and is claiming its victims by the thousands.

It is universally agreed by all well informed persons that the surest preventative is to get the system in the best possible physical condition in order to be able to throw off the infection. As has been previously stated it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection not excepting Spanish influenza, which is one of the most contagious diseases known.

Medical authorities agree that people who are weak and run-down are the earliest victims of the influenza epidemic. If you find yourself weak or losing flesh, or if you are in a generally run-down condition, you are really in great danger if you should come in contact with the influenza germ.

As a powerful reconstructive tonic and system builder Tanlac is without equal. This is a statement of facts and is fully supported by recognized authorities. According to all accepted reference works, including the United States Dispensary, Encyclopedia Britannica and leading text books used in the school of medicine, the principle ingredients to science. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine.

Tanlac restores health and strength to the weak and run-down system by enabling every organ of the body to perform its proper function in nature's own way. It creates a healthy appetite for good nourishing food, and is an ideal strengthening tonic for persons who are in a run-down condition and who are suffering from the after-effects of influenza, grippe or bronchial troubles.

"Tanlac is sold in Richmond by F. B. LaMoine, in Antioch by H. J. Shuman, in Crockett by J. Civiletti, in Pittsburg by Regal Pharmacy, in Antioch by Shuman Drug Store, and in Pinole by E. K. & H. Dunlap." Advertisement.

Vote "NO" on Proposition No. 22

(Bone-Dry Prohibition)

CONGRESS has decreed that "war-time" prohibition shall become effective on July 1, 1919.

PROPOSITION No. 22 would dry up California with her 350,000 acres in grapes, on January 1, 1919.

OUR GRAPE GROWERS NEED THOSE SIX MONTHS offered by Congress to adjust themselves to "war-time" prohibition.

We believe the people of California, by a great majority sentiment will refuse to discriminate against their own State and will protest to the end against the destruction of our great grape industry which has been fostered and encouraged for more than half a century.

Appealing to that spirit of loyalty and justice, we urge every fair-minded citizen to

Vote "NO" on Proposition No. 22
